Find the test

A past competition test: PDF, Google Doc or Word, with its answer key.

Drop it in the Drive

Upload it to the shared folder (link below).

Name it clearly

BEFORE YOU GO

Golden rules

Never make accounts for people

Members sign up themselves. Never handle anyone's password.

Use the chapter code

Turn it on when recruiting so only real members get in.

Keep mock exams honest

Hide correct answers and allow 1 attempt for anything that counts.

Deleting is for good

Deleting a test wipes everyone's attempts. There's no undo.
